Excursions, However, Continue from a Distance.

### BAD HUNTING ACCIDENT

A Popular Young Orphan Boy Loses His Foot as the Result of the Discharge of a Companion's Gun. River Excursion.

(Special to The Times-Dispatch.) WEST POINT, Va., September 8.—Surely the melancholy (for West Point) days have come, for yesterday evening at 10:00 o'clock the season closed at Beach Park. All day the crowd incident to the annual Labor Day celebration surged like a mighty wave, spending and being spent as it pleased.

At 6:30 o'clock the regular "Twilight excursion" train augmented the already large crowd. After enjoying the carefully prepared menu at the hotel, dancing began on the pavilion at 8 P. M. The floor has not been more crowded with dancers during the season. Although the season closed last night, a large excursion came here to-day over the Southern Railroad from South Boston.

The West Point baseball team ran an excursion to-day to Wakema, up the Mattaponi River, and played two games, one with the Wakema nine and one with the Aqueduct nine.

The game of Wakema vs. West Point resulted 9 to 3 in favor of Wakema. The game of Aqueduct vs. West Point resulted 6 to 3 in favor of Aqueduct.

LOBBY HITS FOOT. Late yesterday evening a party of West Point boys were out hunting, and as they ran up hill the gun of Willie Roberts went off and shot Hugh George about the right foot. His foot had to be taken off at the ankle. Mr. George was a general favorite, industrious, handsome, and had no bad habits. He is an orphan. His brother, Clyde George, is well known in railroad and insurance circles, and his brother, John, is on one of the government lightships.

The West Point Seminary and Normal Institute opened yesterday very creditably. Girls and boys are coming in by every boat and train and by vehicle from surrounding counties. The school, founded by Mrs. W. R. Broadus eighteen years ago, has brighter prospects this year than ever before in its history.

LINGER QUESTS. Summer visitors still linger in West Point. Miss Mulford, of Philadelphia, is the guest of Mrs. J. L. Mulford; Miss Mary-Nash-Saunders, of Norfolk; of the Misses Brooks; Miss Hamilton, of Newport News; of Miss Lida Hedges; Mrs. Nannie McDaniel; Miss Emily Puler; Miss Enos, of Miss Annie McKenna.

The oyster dealers are busy. The crab factory finds it difficult to supply the demand for "devilled crabs." Fish are fine, but not so plentiful nor so cheap as usual at this season. The morning fish catching for the "east wind" that drive the sore in the marshes. Sora have already graced the market.

Dr. W. H. Spencer, formerly of King and Queen county, son of Captain R. H. Spencer, arrived this morning from his home in Vancouver on a visit to his father.

GROSH-HEIGES. Elegant Sunday Morning Wedding in Charlotte.

(Special to The Times-Dispatch.) CHARLOTTE, C. H. VA., September 8.—Miss Ella Heiges was married to Mr. Samuel Lindsey Grosh of New Bloomfield, Pa., on Sunday morning at 9:30 o'clock, on the 6th instant.

The bride is the daughter of Professor Samuel B. Heiges, the able manager of the State experimental farm at "Silvan Hill," near Saxe, Charles county, Va. On the evening previous there was a joyous gathering of relatives and friends, who amused themselves by playing progressive euchre, by music and conversation.

The marriage ceremony was performed by the Rev. Dr. Hugh A. Brown. The bride is a most attractive and beautiful young woman, and in all domestic affairs, her accomplishments are unrivaled.

An elegantly served wedding breakfast was announced at 9 o'clock, and was profusely used for table decorations. Many of the guests came from Washington, Pennsylvania and elsewhere. Among them were Mr. and Mrs. A. B. Grosh, of New Bloomfield, father and mother of the bride; Miss Nellie R. Grosh, of York, Pa., whose charm and vivacity won all hearts; Mr. and Mrs. A. W. Lupton, of Steelton, Pa.; Mr. and Mrs. William Abbott, of York, Pa.; Miss Bertha Heiges, of Washington, D. C.; Miss Ella Heiges, of New Bloomfield, Pa.; Mr. and Mrs. George H. Heiges, of Washington; Mr. Samuel B. Heiges, Jr., of Arthur S. Heiges, of St. Barksdale and family and Mr. Carrington Grigsby.

Austin is a fine young man, beloved by every one. Gibson, it is alleged, has figured in other difficulties, and recently stabbed Austin in the back, as he was stooping over, and inflicted two dangerous wounds. Gibson went directly home, changed his clothes and was last seen going towards the Blue Ridge mountains, with a shotgun on his shoulder.

FIREMAN AT POWER HOUSE BADLY SCALDED. (Special to The Times-Dispatch.) PETERSBURG, Va., September 8.—Richard Taylor, fireman at the power house of the Virginia Passenger and Power Company, in this city, was badly scalded by the engine blowing out.

TAZEWELL, Va., Sept. 8.—Floyd Acquist, arrested at Norton and brought here yesterday and lodged in jail, charged with the murder of his brother, was this morning taken to the court, where he will, through his counsel, Wednesday make motion for bail.

MERCHANTS WILL FIGHT RAILWAYS. Determined Effort to Upset What They Secured by Hard Work.

(Special to The Times-Dispatch.) NORFOLK, Va., September 8.—It may be definitely stated that the railway corporations operating in this State are already upon upsetting the record rules of the Corporation Commission with regard to their service and demurrage charges.

The case will in all probability go to the Supreme Court of Appeals, as an appeal from the judgment of the commission. The rule in question was adopted by the commission as the result of the representation made by the body by merchants and business organizations throughout the State, who felt that they and their members had been imposed upon by excessive and unjust demurrage charges.

It is also claimed that in many cases merchants and manufacturers have been greatly hampered in the forwarding of freight by the unexplained and often unnecessary delay in the delivery of empty cars.

For all these reasons the efforts of the business men and their organizations are unceasing in getting the rule adopted by the commission. That it should now be threatened by the railway corporations, they say does not alarm them at all. They believe that they have justice and equity on their side. The railway men are not talking just now for publication, but it is well known that they propose to take the case up to the court of final adjudication.

Those of them who have expressed themselves in a subject say that the commission rule is arbitrary and unjust, and would constantly subject the railways to fines and penalties. The case will be defended by the merchants of the State.

AN OLD SAYING. Showing How Cause and Effect Are Never Far Removed.

It is an old saying, "Where there's honey there's bees"—not less true is one which science has coined more recently, "Where there's a Dandruff there's a cure"—and to push the inference still further we may truly say, "Where there's a Dandruff cured Newbro's Herpicide has been at work."

The reason of Herpicide's isolation as a genuine cure for Dandruff lies in the fact that it attacks and destroys the root of the whole trouble—a parasite which nourishes the hair follicle.

Other so-called remedies do not directed at this true cause of the disease, but at its effects, and there is none.

POLITICS IN PETERSBURG. Question of Selecting the City Committee Discussed. DR. TAYLOR DECLINES CALL. Government Inspector Transferred from Petersburg Iron Works to Richmond, Where Government Work is in Progress.

(Special to The Times-Dispatch.) PETERSBURG, Va., September 8.—The question of submitting the selection of members of the City Central Committee to the vote at the primary instead of holding ward meetings for the purpose, recently provoked considerable discussion in this city, after the committee voted to leave the selection of the members to ward meetings. It was contended by several members that section 5 of the Plan of the Democratic Organization did not contemplate the choice of committee members at primary elections.

Mr. James M. Quick, Jr., who as member of the committee, urged that the members be chosen at the primary soon to be held in this city, addressed a letter to Mr. J. Taylor Ellison, of Richmond, the State chairman, asking information as to the question. Mr. Ellison, in a letter received to-day, states that in his opinion the City Committee, under the Plan of Party Organization adopted at Norfolk in 1900, has the right to order that a new City Committee be chosen, and the authority to determine that the selection shall be by primary and at the same time that nominations are made for the House of Delegates.

The further action of the committee cannot be forecasted.

CALL DECLINED. Rev. W. C. Taylor, of Indianapolis, Ind., has declined the call recently extended him by the First Baptist Church in this city.

This action is disappointing, as the members had hoped the distinguished and able minister would come to the First Church. The committee has no names before it at this time, and, of course, any speculation as to another call would be only a guess.

The Gilfill Baptist Church, of this city, one of the largest colored congregations in the South has the right to celebrate its centennial celebration which will take place in October, beginning on the 4th.

All the members, their ex-members descendants and friends, are cordially invited to attend the celebration, which will continue for one week. A history of the church will be printed and furnished at the cost of printing.

INSPECTOR TRANSFERRED. Mr. James H. Flynn, a government inspector, who has been in charge of the work being done for the United States government by the Petersburg Iron Works, has been transferred to the Richmond Iron Works, which was recently awarded a few months' contract of the government. Mr. Flynn will continue his residence in Petersburg.

The advance sale of seats promises a large attendance at the Academy of Music tomorrow evening, when the celebration of the centennial of the birth of George Washington will be observed.

A defective warrant caused the case of C. D. Abernathy to be sent back to the justice for another preliminary trial. Abernathy is charged with the killing of his nephew. The case was called at the Greensville court yesterday.

NO COMBINATION. Braxton Reiterates His Hope of a Primary to Elect U. S. Senator. (Special to The Times-Dispatch.) STAUNTON, Va., September 8.—Replying to an inquiry by your correspondent as to the correctness of the recent report of a political conference held at Hot Springs, in which Governor Montague, Congressman Jones and Mr. Braxton were said to have entered into a combination against Senator Martin, Mr. Braxton said that the report was erroneous so far as any connection of his with the conference was concerned. He said that it was not true that he had entered into such a combination, and that he had not even heard of the conference until he saw it in the papers yesterday.

Mr. Braxton reiterated, however, his strong advocacy of a primary, and said that he had hoped to see a proper primary for the purpose established and perpetuated in the State.

A Freight Wreck. (Special to The Times-Dispatch.) PULASKI, Va., Sept. 8.—Trains were delayed from 2 o'clock this afternoon to 9 o'clock to-night on account of a rear end collision between the local and a through freight train on the west end of the Pulaski yard. No one was hurt except the engineer, who sprained his ankle when he jumped.

Four cars were torn up and engine derailed.

NAVALY.M.C.A. SECY'S ACT. Sends Two Men to Jail for a Dangerous Assault. ARE BUYING UP LUMBER. James V. Trehy Declares that He Has Not Selected Garnett as the Candidate of His Faction—No Hope for Fight to Control House.

(Special to The Times-Dispatch.) NORFOLK, Va., September 8.—Secretary Holsenbuttel, of the Naval Young Men's Christian Association founded here by Miss Helen Gould, to-day received commendation for sending two men to jail for a dangerous assault on an innocent negro.

Charles Scott, a colored excursionist from Petersburg, it is alleged, was beaten into insensibility and thrown in the street for deed by Barney Nicholson, a pawnbroker and a negro porter, Tabb.

Miss Gould's representative saw the assault, secured the arrest of the men who were given sixty days each in jail.

They appealed and were bailed.

BUYING LUMBER INTERESTS. North Carolina and Maryland lumber interests in Eastern North Carolina are being bought up by Michigan capitalists, who have formed a little saw mill trust in North Carolina. William Schulte, of Lansing, Mich., is at the head of the concern which has purchased 400,000 of mill and lumber property, including the Baughman, Alleghany and Wade Point plants and their thousands of acres of timber lands.

THE VIRGINIA TRAP SHOOT. Splendid Contests and a Fine Crowd of Spectators. HATCHER THE CHAMPION. He Tied with Daniel and Won Out on the Second Round—R. H. Johnson of Richmond Wins the Gun Handicap.

(Special to The Times-Dispatch.) LYNCHBURG, Va., September 8.—The second day of the meeting of the Virginia Trap Shooters' Association was just as successful as the first day, and was greatly enjoyed by both the active participants and the spectators. If anything, the shooting was better than that of the first day, and many remarkably good records were made. The contests between the various teams was exceedingly warm, but it was none the less friendly and pleasant.

Of course, the big event of the day was the shoot for the championship of the State. One hundred targets were shot at, and the final score showed a tie between A. M. Hatcher, of Bristol, and E. M. Daniel, son of Senator, of Lynchburg, both making ninety-four hits. In the shoot-off for decision Hatcher killed twenty-three out of twenty-five, while Daniel killed only twenty-one, thus giving the State championship to Mr. Hatcher.

SUN HANDICAP. The gun handicap event, for a handsome Winchester gun, valued at \$35, resulted in a victory for R. H. Johnson, of Richmond, whose score was twenty-four out of twenty-five. The much coveted prize was closely contested for, as shown by the fact that Messrs. F. Starns, of Richmond; P. J. Gallagher, of Portsmouth; and Agelasto, of Norfolk, were second, with scores of twenty-three of each. Forty-five gunners participated in the event.

B. M. Daniel made the high average amateur score for the day, with 124 out of 132. Some of the other high scores, amateur and professional, were as follows: Daniel, 124; Starns, 122; Gallagher, 121; H. Brown, of Richmond, 121; S. P. Sillings, of Staunton, 120; J. A.
